B2B Sales and Sustainability professional based in Berlin with 3+ years of experience in Sales, Account Management and SaaS. Background in ESG, sustainability data solutions, lead qualification, outreach, pipeline management and customer engagement. Seeking opportunities in B2B Sales, Business Development, Sustainability and Project Management.

PROFESSIONAL EXPERIENCE

Wynter — **Remote, Berlin - Germany**
B2B LinkedIn Outreach Freelancer — Jun 2026 - Present

- Screened and qualified B2B leads based on predefined criteria.
- Conducted targeted outreach and follow-ups to engage potential participants.
- Managed and maintained the prospect pipeline, tracking outreach activities and lead progression.
- Engaged B2B professionals to recruit qualified participants for a paid research platform.

KATE - Kontaktstelle für Umwelt und Entwicklung e.V. — **Berlin, Germany**
Project Assistant - Sustainability — Feb 2025 – Aug 2026

- Supporting the "*Klimafrühstück*" and "*Pausenhofgeflüster*" projects. These initiatives promote environmental sustainability and climate awareness through educational workshops, events in schools and migration centers in Berlin.
- Coordinated materials, logistics, and documentation for climate-education workshops, ensuring timely delivery of educational resources and smooth execution of activities.
- Prepared hands-on learning setups and activity stations, providing direct support to participants.
- Organized and maintained datasets of feedback from educators and participants in Excel, generating insights that informed evidence-based improvements to program quality.
- Produced educational and visual content using Canva and managed social-media communications, helping increase outreach and visibility for climate-education initiatives.

MOSS.Earth — **Remote, Berlin - Germany**
Account Executive Brazil/Latam — Oct 2022 – Dec 2023

- Contributed to climate action and Amazon rainforest conservation by enabling organizations to offset emissions through REDD+ and VCS carbon credits, resulting in the preservation of over 1 million trees annually (equivalent to 2.000 football pitches).
- Managed a portfolio of 300+ organizations across Latin America, ensuring 70% renewal through data-driven engagement, transparent communication, and relationship management.
- Built and automated HubSpot cadence flows across 150+ foreign organizations and 450+ national companies, improving responsiveness and scaling organizational efficiency.
- Led virtual meetings and served as a point of contact for international stakeholders, coordinating cross-regional outreach to support climate-positive initiatives.
- Delivered an organizational OKR by structuring and centralizing three years of sales documentation in Notion, including playbooks and onboarding materials, improving process clarity and knowledge sharing for new hires.

WayCarbon — **São Paulo, SP - Brazil**
Junior Business Development — Aug 2021 – Aug 2022

- Supported ESG software adoption and climate-related reporting using the *"Climas"* platform, managing a customer portfolio of approximately 80 enterprises.
- Renewed 20+ key accounts and contributed to over 25% upsell adoption through structured follow-ups, relationship management, and needs-based client engagement.
- Prepared technical and commercial proposals related to sustainability data usage, climate/ESG reporting, and corporate governance requirements.
- Developed and implemented a Google Calendar validation system that improved proposal-review efficiency and ensured timely feedback before submission deadlines.
- Created and maintained a customer/contract database to improve portfolio visibility, support internal coordination, and strengthen post-sales collaboration with technical teams.

Mind Consulting **Sorocaba, SP - Brazil**
Project Management and Sales Intern Oct 2020 – May 2021

- Responsible for managing 6 projects and leading the technical team using Agile/Scrum and Kanban methods; coordinated cross-functional dev teams for apps and websites.
- Supported inbound prospecting and end-to-end customer relationship via internal platform.
